

PRODUCT ANNOUNCEMENT

E-Switch Introduces a New Dual Action Sealed SMT Tact Switch

E-SWITCH™

Little Details. Big Quality.

BROOKLYN PARK, MN --- E-Switch announces their new TL3350 low current dual action tact switch. This sealed SMT Tact Switch is designed with a low profile and comes with or without an actuator. With an unparalleled seal quality, it provides protection from exposure to the elements. Its low profile surface mount technology makes it great for consumer electronics, computers & peripherals, instrumentation, telecommunications and industrial electronics. Available in tape and reel for auto insertion.

E-Switch TL3350 Tact Switch (300 dpi image attached)
