

astron (elec•tron-ics)inc.

verb: **I** . Representation defined

San Diego: Mike Singer
Office: (949) 379-7266
Cell: (760) 484-8257
sandiego@astron1.com
www.astron1.com

Power Solutions: Custom Bus Bars, Heat Sinks, including cold plates
Flexible Power Cables, & Hi Current, low insertion force Connectors
Sensors: User Interface (touch), Fluid Level, & Torque (with Speed & Angle)

Hybrids Circuits: Power Op Amps, & Heaters. **Solid State Relays/Power Controllers; Switches,** Circuit Breakers. **Optoelectronics, Sensors:**
Hall Effect/Proximity. Hi-Temp, Rad Tolerant, Custom, & Space Qualified

High reliability, high voltage **interconnection** products for use up to 75 KV.
Concurrent Engineering, Product Mock-up, Fabrication, Assembly for
Flex & Rigid Flex up to 26 Layers. Military, Aerospace, AS9100 & Nadcap Certified.

RF & Power **Inductors,** EMI / RFI Suppressors, **Transformers,** Specialize
in Avionics, Military (QPL'd and Mil PRF's numbers) Medical, & Customs.

Switches: SMT, Illuminated, IP67, & process sealed, Toggle, Rocker, Tact,
Pushbutton, DIP, Snap-Action, Slide, Rotary, Keylock, Detector, & Navigation

Bridge Rectifiers: High and Low voltage. **Custom High Voltage Assemblies.**
available in a wide array of voltage, current ratings, recovery times, & sizes

EMI Gaskets: Goreshield - soft & highly conductive. Space & Mil Approved
EMI Shielding: snapSHOT, Innovative Board-level Shielding, SMT Solutions.

Custom **LCD Display** & Touch Sensor Technology, Silicone Rubber Keypads,
Membrane Switch Assembly, Flexible Printed Circuits, Plastic Injection Molding

Premium RF Components; Variable Capacitors, Tuning Elements, Caseless
Couplers, High Power Resistors, Terminations, Attenuators, Variable Inductors

Custom Cable Assem: for Ruggedized & Harsh Environments. **Solar Modules**
Connectors: Military, RF, Fiber Optic, Triax, Threaded, & Quick Disconnect.

Modules: Modular timing solutions & integrated Assemblies. **Filters,**
Crystal and Oscillators: For avionics, Military, & Space Certifications

Connectors: Board to Board and Wire to Board industry standard
Flex Cables; Ribbon & Discrete Wire Assembles, PLCC, Sockets, D-Subs.

Power Supplies: Converters, controllers, sequencers, & digitally controlled.
Specialize in Avionics, Military, Medical, and Custom applications.

Power Supplies; Standard, Modified, and Custom Power Solutions
Instantly and accurately from the largest product selection available.

Potentiometers: Trimmer & Panel Control; Sealed, Single & Multi-Turn.
Encoders & Code Switches. Sensors: Non-Contact Angle & returning Throttle.

Fan's: AC and DC, Standard, Crossflow, and IP67. **Blowers:** Standard and
Industrial. Fan assemblies & custom enclosures. **Power Cords. Heat Sinks.**
